FOUNDATION**

Preservation Professionals Directory

Updated 2011

PRESERVATION PROFESSIONALS DIRECTORY

As Hawai'i's statewide advocacy organization for historic preservation, Historic Hawai'i Foundation often receives requests for referrals for a variety of professional preservation services. To respond to this need, HHF offers this directory of preservation professionals who work in Hawai'i.

Inclusion in the directory was based on self-selection. HHF does not independently verify the credentials of the firms, and relies on each firm's self-evaluation of its historic preservation expertise, qualifications and experience. HHF recommends that when selecting a professional, the client exercise due diligence to ensure that the professional is qualified for the work.

Corporate members of Historic Hawai'i Foundation are highlighted in the directory with blue text and a star by the firm name. HHF's members demonstrate a commitment to the cause of historic preservation in Hawai'i and HHF is strengthened by the support of its members. Recognition of membership should not be construed as a recommendation of the highlighted firm.

The directory is organized into four sections:

- I. Architecture/Engineering/Architectural History
- II. Archeology/Cultural
- III. Construction Services
- IV. Other Services

This publication is a product of Historic Hawai'i Foundation's Preservation Resource Center. Funding for the Preservation Resource Center is provided by the *Atherton Family Foundation*, *Cooke Family Foundation*, *Hawai'i Community Foundation*, *National Trust for Historic Preservation*, and the *Office of Hawaiian Affairs*.
